# Message From The Chief

To: The Citizens of Quincy, Mayor Kyle Moore,  
Members of the City Council, and the Board of  
Fire and Police Commissioners

On behalf of the men and women of the Quincy Police Department it is my pleasure to present to you our 2016-2017 Annual Report. We continue to strive to better serve the citizens of the City of Quincy in a more effective and efficient manner.

Calls for service increased from 33,324 in 2015 to 33,640 in 2016. Index Crimes increased from a total of 1315 in 2015 to 1541 in 2016. Violent Crime increased 1.95%. Property Crime increased 20.00%. The following lists the changes in the various Index Crime categories between 2015 and 2016. There were increases in six categories: Forcible Rape was up from 31 to 43, Robbery was up from 9 to 23, Burglary was up from 231 to 295, Theft was up from 841 to 987, Motor Vehicle Theft was up from 32 to 41, and Arson was up from 6 to 9. There were decreases in two categories: Criminal Homicide went from 5 to 0 and Aggravated Assault/Battery went from 160 to 143.

We also continue to fight the scourge of illicit drug use in our community. Our efforts in this area are varied. While our patrol officers are the front line, a tremendous effort is put forth behind the scenes with our officers in the Street Crimes Unit and the West Central Illinois (Drug) Task Force. Working hand in hand with the Illinois State Police and the Adams County Sheriff's Department, we continue to put forth great efforts on this front. Although methamphetamine and cannabis remain our largest challenges, we continue to see strong use of heroin and other opioids.

I would like to thank everyone for the great support received this past year. I especially wish to thank the members of the Quincy Police Department; if not for their hard work and dedication, we would not be the department that we are today.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Copley', with a stylized flourish at the end.

Robert A. Copley  
Chief of Police

### 1.3 Mission Statement of the Quincy Police Department

## **Mission Statement of The Quincy Police Department**

*“As members of the Quincy Police Department, it is our mission and duty to serve the citizens of our community and to protect all life and property; to apply the law fairly, ethically and equally to all; and to work in concert with the citizens of our community to improve Quality of Life.”*

## Section Two: Uniform Crime Reporting System (UCR)

The Federal Bureau of Investigation (FBI) annually publishes the “Crime in the US” report. The report relies on data collected and reported by participating agencies. Unfortunately, the State of Illinois does not report its law enforcement agencies UCR information to the FBI.

The Quincy Police Department voluntarily participates in the State of Illinois UCR system. For the purposes of this report, the focus will be on the seven major crimes reported in UCR. For reporting purposes, the seven major crimes are categorized into two groups: Violent Crime (including Murder, Criminal Sexual Assault, Aggravated Assault/Battery and Robbery) and Property Crime (including Burglary, Theft and Motor Vehicle Theft). The Total Major Crime or Index Crime is an aggregate of the total Violent Crime and Property Crime, providing an overall view of major crime in an area.

The UCR system counts each victim of murder, sexual assault and aggravated assault/battery as an individual crime occurrence, whereas only incidents of robbery, burglary, larceny and motor vehicle theft are counted. This means that a double murder occurring at the same time in the same location is treated as two murders but a robbery in which a store clerk and three customers are the victims is only counted as one robbery.

### 2.1. Reporting Methodology

The reporting method utilized in this report is Volume which represents the actual number of crime incidents reported in accordance with the UCR system. The volume of crime in a specific area is critical to strategic planning and identifying trends.

Since normally viewed comparisons for Crime utilizes Rate and are compiled and compared for populations of 100,000 or more residents, the statistical comparisons in this report will be by volume with cities comparable in size to Quincy. UCR information from a sampling of Illinois cities having a population between 31,000 and 44,000 residents was used in the comparison section of this report. This information was pulled from the information found by contacting the individual departments.

The comparison numbers being used, both nationally and for our department, are those reported for the calendar year 2015 and 2016. To determine averages the following calculations were performed. National UCR totals were divided by taking the total population figure and dividing it by 1000 to come up with the per 1000 population total which is then used as the divisor to figure the Crime Rate from the nationally reported Volume. The same was done using those corresponding figures for the State and those Illinois cities comparable in size to Quincy. UCR reported numbers for 2016 from the State of Illinois will not be available until sometime late in the year of 2017.

## Section Three: Crime In Comparative Sized Illinois Cities

The City of Quincy was compared to 10 other similar sized Illinois communities that participate in the FBI's UCR System.

### 3.1. City Population Comparison

(Population numbers taken from Crime in Illinois for 2015.)

### 3.2. Two Year View (2015-2016) Crime Comparison

Reported Statistics that can be used for comparisons are normally made available one year after their reported compilation; however, information was gained for 2016 by contacting the individual departments used in the comparison.

### 3.2.6. Crime Rate Comparison National / State / City

The following information is taken from the FBI's Crime in the United States, 2014

- *In 2014, an estimated 1,165,383 violent crimes occurred nationwide, a decrease of 0.2 percent from the 2013 estimate.*
- *When considering 5 and 10 year trends, the 2014 estimated violent crime total was 6.9 percent below the 2010 level and 16.2 percent below the 2005 level.*
- *There were an estimated 365.5 violent crimes per 100,000 inhabitants in 2014, a rate that declined 1.0 percent when compared with the 2013 estimated violent crime rate.*
- *Aggravated assaults accounted for 63.6 percent of violent crimes reported to law enforcement in 2014. Robbery offenses accounted for 28.0 percent of violent crime offenses; rape accounted for 7.2 percent; and murder accounted for 1.2 percent.*
- *Information collected regarding types of weapons used in violent crime showed that firearms were used in 67.9 percent of the nation's murders, 40.3 percent of robberies, and 22.5 percent of aggravated assaults.*

## Section Four: City of Quincy Summary 2016

This section of the report provides the numbers compiled by the department for self reporting and for use in required reporting to other agencies or persons. Statistical numbers are compiled on a calendar year basis and not the fiscal year used by the City for other reporting. The intent of this section is to provide an overview of department activities for the calendar year 2016 and compare them to activities for calendar year 2015. In 2016 the Quincy Police Department recorded 33,640 calls for service. In 2015, the Quincy Police Department had 33,324 calls for service. This is an increase of 316, or 0.95%. It should be noted that not all calls for service generate a case file number from which reports are filed. Also, the difference between the Total Beat and Total CFNs is that not all calls for service are geocoded, meaning they were not entered with an address/location recognized by the CAD system.

### 4.1. Calls for Service / Case File Numbers Issued

In 2016, the Quincy Police Department had 33,640 calls for service. The graph below shows the number of calls by the month and beat. As you can see, Beat 1 has the most calls for service, followed by Beats 5, 4, 3, and 2 respectively.

## 2016 Officer Initiated Stops

This graph shows the number of officer initiated calls within the 2016 calls for service. These calls are when officers put themselves out on a call without dispatch being called.

The Calls for Service numbers represent only those incidents where street officers were either dispatched to a call or where the street officer notified the 911 Center of their activity. They do not include incidents reported in other manners such as desk reports or teleserve. These would be reflected in the Case File Numbers issued.

### 4.2. Street Officer Activities by Shift / Unit for 2016
